ABOUT US:

We are a Costa Rican roasting coffee company, with more than 60 years of experience in our markets.

We offer a whole range of coffee products, with the idea of giving to the world a cup of the taste of Costa Rica, our products are created with love and hard work, with one purpose, connect the people and create special moments for the them with what is really important.

VALUE PROPOSITION:

- The company controls the entire roasted coffee value chain, from the procurement of the raw material, to its roasting, and eventually to the marketing and logistics of the products.
- The art of coffee-roasting lies in our modern coffee-roasting plant, which process the best coffee in the world, to satisfy all the different tastes.
- Committed to quality, we have the certifications ISO 9001,

OUR OFFER AND CERTIFICATIONS

- Our company sells gourmet coffee, from the best coffee regions in the country. Costa Rican coffee is ranked among the best in the world, a fame that has spread to the most demanding markets (Europe, Asia and North America).
- We processes coffee from the 8 best coffee growing regions in Costa Rica.
- Our strategy of social responsibility and business sustainability, it focuses on the commitment with the producers who provide us with the best beans as raw material, fostering support for the sector and allowing hundreds of Costa Rican families to benefit directly or indirectly.
